

Boardman, the month

June 1893

Toronto, August 9th, 1913.

Kenneth H. Saunders, Esq.,

P.O. Box 364,

Truro, N.S.

Dear Mr. Saunders,-

I understand that the Registrar has asked you to forward your Certificates so that we may be able to give you definite information as to what credit may be given you for our degree of Bachelor of <sup>Arts</sup> Science. I presume that you desire to take the degree with Honours in the Chemistry and Mineralogy Course. I am forwarding your letter to one of our Professors of Chemistry, who I think will be able to give me the best information as to the possibilities of your helping yourself through your Course financially. I will ask him to communicate with the Registrar so that he may write you on the matter as soon as possible.

I expect to be passing through Truro on my way to Halifax on Saturday, August 16th, Maritime Express. If there is any further information that you desire that I am able to give you then and you meet me at the train, I shall be glad to see you.
